

Graig Wood Loop – 2.6 Miles

Please keep all gates as you found them. Any that are closed, please shut behind you.

[Map Route for Graig Wood Loop](#)

This walk starts at reception and heads out the end of the lodge entrance road. Pass through our wooden entrance gates and down over the brow towards Knighton. As you reach the bottom of the hill, there is a large pull into your left. Just after, turn back on yourself through a gateway also on the left. Cross the footbridge and follow the path uphill keeping the hedgerow on your right-hand side.

When you reach the top of the hill, pass through a gateway, continuing to keep the hedge to your right. Continue uphill across the field keeping the fence to your right. When you reach the top, you will pass through a gateway, crossing a road, with a woodland to your right. Cross over the road and through another gateway.

You will see a large mast to your right-hand side. Head straight across the field, sticking with the footpath and slowly the field heads downhill. When you reach the bottom, climb over the stile and turn immediately left across an old track.

Follow this road until you reach some farm building. Go through the gate, and keep right heading down the side of the barns, passing through several more sorting gates. Once past the barns, keep left through another gateway. As the road heads downhill you will cross a small stream and keep left continuing downhill. Pass through some more gateways and pass Llandinship Cottage up on your right hand side which is currently used as a private holiday let.

Go over a cattlegrid and continue with the road heading downhill back towards Black Hall. Just before the second cattlegrid, take a left across the field to go through the wooden wicket gate by the Leisure Building Patio.
