

## Village Loop – 3.2 Miles

**Please keep all gates as you found them. Any that are closed, please shut behind you.**

**This walk is pushchair friendly**

[Map Route for Village Loop](#)

This walk starts at reception and heads out the end of the lodge entrance road. Pass through our wooden entrance gates and turn right back across the road leaving Black Hall on your right-hand side. Continue along the road under the woodland passing by a white cottage on your right-hand side.

As the road starts to head uphill, you pass a barn conversion and a further house, Cwm Cole. At the top of the bank, you pass some farm building to your right before heading downhill through the woodland.

When you reach the bottom of the hill, the road splits. Keep left turning sharply back on yourself, following the road now under the woodland. Continue along until the road starts to head downhill passing by some farm building on your right-hand side.

You will come to a junction, turning left towards Llanfair Waterdine. Continue ahead, passing by a farm and eventually reaching the village of Llanfair Waterdine. The Church is on your left and as you pass through the village the Everest Hall which was once a school, is on your right. The Community Pavilion is on your right-hand side which opened in 2021 and provides a public toilet and water facilities.

At the junction, keep left following the road back towards Black Hall Lodges.
